Diagnostic services (Specimens/samples should be brought to this Institute/ Research centres)

| ١. | Identification of marine specimens | Rate |
|-----|--|-------------------------|
| | Common species | Rs.300/specimen |
| | Rare species (One specimen will be retained for reference with the institute. The description shall be provided) | Rs.1000-3000/specimen |
| 11. | Water analysis (Marine and Brackish water) | |
| | PH, salinity, dissolved oxygen, nutrients, turbidity | Rs.1000/sample |
| | BOD | Rs.500/sample |
| | Primary productivity | Rs.500/sample |
| Ш. | Sediment analysis | |
| | Organic carbon, soil salinity, grain size | Rs.1000/sample |
| IV. | Microbiology | |
| | Indicator bacterial estimation | Rs.1000/sample |
| | Heterotrophic bacteria estimation(total counts) | Rs.300/sample |
| | Bacterial/fungal isolates(probiotics & pathogens) | Rs.500/strain |
| ۷. | Feed/tissue biochemical analysis | |
| 1 | Proximate composition analysis | Rs.1500 |
| 2 | Protein | Rs.500/sample |
| 3 | Crude fibre | Rs.500/sample |
| 4 | Ash | Rs.200/sample |
| 5 | Lipids | Rs.500/- |
| 6 | Calcium & phosphorus | Rs.500 each |
| 7 | Aminoacids profile (up to 3 samples) | Rs.3000 for each sample |
| 8 | Aminoacids profile (more than 3 samples) | Rs.2500 for each sample |
| 9 | Fatty acids (up to 3 samples) | Rs.3000 for each sample |
| 10 | Fatty acids (more than 3 samples) | Rs.2500 for each sample |
| 11 | Aflatoxin | Rs.1000 for each sample |
| 12 | Total plate counts | Rs.1000 for each sample |
| 13 | Vitamin C | Rs.1000 for each sample |
| VI. | PCR based diagnosis of virus | Rs.500/test |
